- Wood Binder 2"
- Stitch Screws 7/8"

🏠 ROOFING - ACCESSORIES

- Armor flect Insulation and reflectant - Armor Flect is considered both an insulator with an R6 value and a reflectant. With its double foil facing it reflects the sun's heat rays out, conserving household energy and with its fiberglass inner lining and reinforced vinyl backing it provides an aggressive step in an energy efficient home.
- 7/8" Hat Channel - To be compared with lathe boards when replacing a roof
- Snow/Ice Guards - Used to slow or impede falling ice and snow on roof tops
- Roof Jacks (Master Flash) - Ranging in sizes from 1/4" to 18" also including retro fit roof jacks
- Closures-Tuff Rib - Inside and Outside closure
- Closures-R-Panel - Inside and Outside closure
- Closures-Xpanded Closure - for both tuff rib and R-Panel
- Sealant-Standard Tacky Tape - 3/8" and 3/4" width available
